

PUTTING — Spending a summer day at golf at Torrance's Hackers Haven are (putting) Bill Barragar, (right front) Bob Barragar, and (rear, left to right) Todd Bailey and Mrs. Walter Barragar. The group, all from Rocky Point, Palos Verdes, are among many Torrance and local area residents who have found the way to spend a lazy summer day.

LET'S GO

BOWLING

With Carmen Fuscardo

Prizes and surprises galore are in store Sunday at 9 p.m. We would like to invite you to participate in the all new Moonlite Bowling. Bowl three games, entry fee will be \$2. Make your reservations now. Starting date will be July 8. We will look forward to seeing you.

LEAGUE OF THE WEEK

The Father and Son rates attention this week. This league is a six-team league with 100 per cent handicap. A four-point system is used.

Team No. 3, Tom Woodrum, 120, and Bob Woodrum, 171; and Team No. 6, Tim Fraser, 116, and Hector Fraser, 159, are tied for the top spot. Team No. 4, Bill Langan and Joe Langan, hold season high game with a 1004. Team No. 3 has team high single game with a 393. Neil Gates scored high series with a 587. Hector Fraser proudly boasts a high 232 game.

Leading the league with high average for the fathers is Bob Woodrum with a 171. For the sons Bill Boxley has 170.

The Bowl-a-Round will be going into its second round where 20 per cent of the entrants will qualify. All eyes are on the big prize—a fabulous trip to Hawaii, including all expenses paid.

Airport Board Approves Budget of \$15 Million

The Board of Airport Commissioners have approved a Department of Airports budget of \$15,001,117 for the 1962-63 fiscal year, an increase of \$1,290,721 over the past 12 months. . . it was announced by Francis T. Fox, general manager of the department.

Increase in this year's budget is due largely to added maintenance and operating costs for Los Angeles International Airport's expansive new jet age terminal as it enters its first year of full operation, Fox explained.

The budget provides for \$2,927,330 for principal and interest on bonds for expansion and improvement of both Los Angeles International and Van Nuys Airports, and sets aside a reserve of \$4,033,621 for future bond redemption and interest payments on the 1956 airport bonds.

Anticipated receipts of \$8,953,668 for the 1962-63 fiscal year represent an increase of \$1,180,071 over the previous year, and include \$5,276,237 from aviation revenues; \$3,600,742 from concession revenues; \$35,365 from sales and services; and \$41,324 from other sources.

TUBEROUS BEGONIAS
The purchase of tuberous begonias is an investment that yields color not only this summer but for several summers to come if you save the tubers after bloom is gone. Use Begonias in pots or in the ground and either way plant enough for a gaudy effect.

Also included in the newly approved department budget are \$4,854,130 for administrative and operating expenses; \$2,427,065 in the charter operating reserve fund; \$560,362 in the airport improvement fund account; and \$198,609 for equipment and other disbursements.

"The Department of Airports will continue to operate the city's two air terminals on a self-sustaining basis," the general manager stressed, "and they will earn sufficient revenues to meet principal and interest payments on the airport bond issue approved by the voters in 1956, and to provide for operating and maintenance expenses."

Drive-in Hours Are Extended By Pacific State

Extended service hours will prevail for customers using Pacific State Bank's new drive-in "satellite" banking facility at Hawthorne when it is completed in three weeks, President Robert C. Yeary announced.

Yeary said the installation, which will feature a unique twin column construction with two service windows, will be open from 9 a.m. until 4 p.m. each week day except Friday when it will remain open until 6 p.m.

"Purpose of isolating the auto banking facility from the main part is to provide easy access with minimum of delay and congestion," Yeary added.

The two tellers on duty at the "instant banking" unit will provide deposit and payroll check cashing services only to assure a continuous and smooth flowing operation.

Yeary added that the auto bank is completely burglar

Savings Rates To Maintain Steady Level

Rates paid by savings and loan associations throughout Southern California can be expected to hold steady at the present 4 3/4 per cent level for the third quarter of 1962, Emil J. Seliga, executive vice president of Great Western Savings and Loan Association, said this week.

Great Western Savings is informing all its savings account holders that the present 4 3/4 per cent will be continued, he said.

"Three months experience on the 4 3/4 per cent basis has indicated that the savings and loan industry in California will continue to show a healthy growth," Seliga said. "The total of savings accounts held by Great Western Savings is continu-

ously increasing and is tied in with the main bank's automatic alarm system.

The Southland's first such installation is being made available as an extra service of Pacific State Bank.

Real Estate Class To Open Monday

A Real Estate Law class will begin Monday, July 9, at Banning Adult School located on Avalon Blvd. and Pacific Coast Hwy. Registration is now under way for this class that will convene at 7 p.m. Monday evenings. The summer session will last for six weeks.

The course is designed to prepare individual for real estate salesman's license. It will also serve to broaden the students' scope and understanding of such subjects as: Real estate appraisal, investment in property, trust deeds, property management, selling property and securing loans.

Registration is now under way for this class that will convene at 7 p.m. Monday evenings. The summer session will last for six weeks.

The Great Western Savings executive said that the demand for real estate loans so far this year has been at record-breaking levels. During the first five months of 1962, Great Western Savings loaned \$84,233,064, an increase of 39 per cent over the same period last year.

50 Chinese Refugee Orphans From Hong Kong Arrive Today

Gov. Edmund G. Brown has designated his health and welfare administrator, Samuel Leask Jr., to officially represent the State of California in greeting a planeload of Chinese refugee orphans due to arrive here today for adoption in the United States.

Leask was to join with United States Attorney General Robert Kennedy and other officials in meeting the plane on its scheduled arrival from Hong Kong this morning at Los Angeles International airport.

Governor Brown said he understands there were to be about 50 children on the plane, and eight are destined for California homes.

"Even though the children do not speak our language, I still want to extend my warm personal welcome to these future citizens of our country, especially the eight who will be taking up residence with new adoptive parents in California," the governor said.

California has supported the Intercountry Adoption Program since its beginning in 1954, and has placed more than 1,000 children in California homes during these eight years. In fact, California has twice as many foreign-child adoptions as compared to the second place state of New York.

The children are coming into this country under auspices of the International Social Service and the U.S. Immigration Service. Social welfare agencies, such as the California State Department of Social Welfare, make thorough home studies before the youngsters are designated for placement.

Emphasis on immigration of youngsters from Hong Kong stems from the recent flood of refugees pouring into the British colony from China.

I like to walk down Bond Street, thinking of all things I don't desire.
